

We're sending out an
S.O.S.

**SAVE OUR STATE:
NO MORE CUTS**

*Colorado can't cut its way back to
Prosperity, we need fair budgeting.
Join fiscal reformers to fight the cuts!*

Be there!

**12:00 noon
Tuesday, September 8th, 2009
Colorado Statehouse
West Steps**

The purpose of the rally is to demonstrate opposition to all of the cuts in the executive orders that went into effect on September 1st.

Rally organizers believe that the Legislature and the Governor should consider all options for adjusting the state budget including the revenue side of the equation. There are some reasonable options available now that could improve revenue and protect people from these cuts. Please call for additional information (303.428.0310)

We are also trying to work out a mechanism to do a virtual rally attendance via email, phone or fax.
